

Summer Reading Assignment 2018
AP English 11

Hi!

Welcome to Summer Reading for 2018! If you like to read, you will love this assignment. If you don't, my hope is that you will find something to enjoy from the list and at least improve your reading skills through practice.

Reading is an essential skill for success in our class, in school, and in the world. And unfortunately, modern life seems to make reading longer works, like books, harder and harder to do. There is no way in the course of our class that we can cover enough reading to improve your skills enough, so some of this must be done over the summer. My hope is that you will fall in love with reading-- one of the greatest pleasures in life.

To sign up, please go to Google Classroom and join our class with the code below. Further instructions are on the site.

Enjoy your summer, and happy reading!

Mary Adams-Legge
Sherando High School
AP English 11

Class Code: v82l03 (That's an L and a zero.)
